Highlights

Snake River District is continuing to implement its strategic plan and applying that plan to the new Continuous Improvement Plan (CIP). We are encouraging more collaboration of Special Education, Title 1, LEP, and are improving the RBM teams. There are more short term interventions involving more students, but children placed on IEP's decreased from 198 to 166 in 5 years. In August 2005 we called for proposals for a Performance Contract and selected Siemens to perform an energy and facility audit to develop proposals for improvements. We will present the proposal to the public on the selected improvements and costs.

Progress Towards Meeting Goals

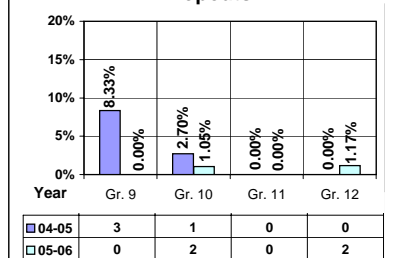

2005-06 Goals	Progress
Board Goal #1 - Vision	The district's 21 st Century Learning Center was able to expand its after-school program from K-6 to K-12. A staff of certified teachers and tutors help students with their homework and supervise fun enrichment activities. Also, the district's "Bright Beginnings" program helps 3-5 year olds make a successful transition into kindergarten.
Board Goal #2 - Teamwork	Initiated the first phases of the PowerSchool and PowerLunch programs for more accurate record keeping and to facilitate student/teacher/parent communications.
Board Goal #3 - Financial	Established a Facility Planning Committee and selected a contractor to do an energy audit as part of a performance contracting effort to pay for upgrades and capital improvements utilizing the savings from lower energy bills and plant facility money.
Board Goal #4 - Advocacy	Provided professional development training for teachers; i.e. Results Based Model, Six-Trait Writing Process, SIOP, Models for Teaching, Nine Essential Skills for Classroom Teachers, and Mentoring classes. Parenting Love and Logic classes in English and Spanish were taught. The district's instructional aides are also being trained and certified as paraprofessionals.
